EXPERIENCE

Caregiver Inc., 4100 International Plaza, Suite 800, Fort Worth, Texas, United States — Operations Specialist

September 2025 – March 2026

Employment Duration: 7 months

- I review and pull client authorization for each state where Caregiver Inc. provides services.
- I created a clear system of organization for Area Directors to review overtime hours for the homes and employees under their jurisdiction and saved the company \$40,000.
- I create, maintain, and update Excel reports that track employees' worked hours, overtime hours, and budgeted vs actual labor utilization.
- I support budgeting efforts by identifying trends, variances, and potential cost risks.
- I partake in weekly meetings with Area directors from each state, taking notes and discussing solutions to employee overtime trends.

Garver Engineering, Two Liberty Square, 75 Beattie Pl, Suite. 700, Greenville, SC 29601 — BIM Designer

July 2024 – August 2025

Employment Duration: 1 year, 1 month

- I developed and maintained detailed BIM models for municipal infrastructure such as Interconnect Pump Stations and Wastewater Treatment Plants, specializing in process, mechanical, and structural modeling.
- As a BIM Project Lead, I collaborated with engineers to integrate design intent and technical specifications into coordinated BIM models using BIM 360/Autodesk Construction Cloud (ACC).
- I used Autodesk Revit and AutoCAD to create accurate construction documents for each design deliverable.
- I created custom family models for mechanical, process, and structural equipment and uploaded them to a cloud family library called UNIFI.
- I adhered to Garver's BIM Execution Plans (BEP) and BIM project standards while also editing current BIM templates.

SKILLS

BIM Designer – Proficient in Revit, AutoCAD, Inventor Pro. I hold a professional certificate in Revit and AutoCAD.

Graphic Designer – Proficient in Graphic Design with Photoshop, Studio, and Illustrator.

Construction – Experience in roofing, drywall, electrical, concrete, and HVAC installation.

Bilingual speaker – Fluent in both English and Spanish

**Bailey & Sons Engineering, 124 Edinburgh Ct,
Greenville, SC 29607 — Contract Structural Designer**

June 2023 – July 2024

Employment Duration: 1 Year, 1 month

- I developed detailed structural models using Autodesk Revit and AutoCAD for commercial, municipal, and industrial projects while ensuring compliance with engineering standards and building codes.
- I collaborated with structural engineers to produce accurate construction documents, translating engineering concepts and sketches into clear, buildable designs.
- I coordinated with MEP, Architectural, and Civil design teams to integrate our structural models and resolve design clashes using BIM workflow tools such as Navisworks. I used federated models using BIM 360/Autodesk Construction Cloud (ACC). I also saved, synced, and published the model frequently to keep the file optimized.

**Thomas Mechanical, PO Box 462, Laurens, SC 29360 —
Project Management Intern**

September 2022 – June 2023

Employment Duration: 9 months

- I supported site supervisors in the planning, coordination, and execution of mechanical construction projects, mainly consisting of HVAC systems for commercial projects.
- I assisted with project scheduling and permit licensing for construction sites.
- I took part in site visits with other project managers to monitor progress, verify installation, and report field conditions to the project managers.
- I managed the warehouse where HVAC equipment was manufactured, as well as where project materials were received and disbursed to the various construction sites. I received training in operating forklifts and created an organizational system for all incoming and outgoing deliveries.
- I used project management software such as Procore to assist in tracking progress and managing documentation.
- I gained hands-on experience in cost control, budgeting, and technical expertise in the operation of construction equipment and tools.

EDUCATION

Western Governors University, 4001 S 700 E #300, Millcreek, UT 84107

January 1st 2026 – Present

I'm currently pursuing a Bachelor's degree in Project Management. I also intend to pursue a Master of Business Administration.

Greenville Technical College, 506 S Pleasantburg Dr, Greenville, SC 29607

September 2019 – May 5th, 2023

I graduated from Greenville Technical College with a dual major in Architectural Engineering Technology and Construction Engineering Technology. My final GPA is 3.0975

Berea High School, 201 Burdine Dr, Greenville, SC 29617 — *High School Diploma*

August 2015 – June 2019

I graduated 10th in my class with a GPA of 4.15.
